Critique

10 out of 10 despite NO beer stops?

Now we're all left wondering what really happened when Tentpole yelled 'show us your tits'

Missing Person Appeal

Wanker Banker suffered a near fatal insect bite on his merry run after falling on and destroying the poor things home. Rick'o'Shea, stepping in and playing hero, sucked the venom from the wound. Hero? By the looks of it he just enjoys a good sucking.

Back to the story... Wanker Banker hasn't been seen since his near death experience. Witnesses have been stepping forward reporting sights of GROUND SWALLOWING VAGINA'S. Let us all prey that Wanker Banker has not fallen victim to such brutality and hope he makes a return for next weeks hash.

No. That's not Wanker Banker you can see in the photos. You are mistaken.

A Flying Black Penis?

Taking inspiration from Aladin, D CUP summoned his own Magic Carpet in the form of a flying Black Penis - where he took up seat for the circle.

Banksy Enthusiast

Who is this elusive enthusiast running around Bahrain you might ask? Well it's none other than Head With My Mum!

So, Graffiti? On Buildings?

No. Head With My Mum is an 'original artist' and 'doesn't do cliches'. His weapon of choice? Vomit. His Canvas? Bridges.

I'd advise you all to take caution when on bridges or risk becoming part of his canvas.

Wanker of the Week

Sucking thumbs is NOT hash appropriate. Sucking other things IS hash appropriate.

One to remember if you don't want to sport the fetching WOW attire. Rans has learned the hard way.

Next Hash #2263

Ham Salami Bacon is rubbish and hasn't given me details. Please see Website/Facebook/Pester him for full details.

Definitely deserves a down down for such hypocrisy after calling innocent hashers into the circle for sitting down. Here's to marking your authority!

Should we give him a song?

What a WANK what a WANK what a WANK WANK WANK.

What a WANK what a WANK what a WANK WANK WANK.

What a WANK what a WANK what a WANK WANK WANK.

WAAAAANK WANK WANK WANK!

Lala Land. The Place Of Unicorns & Rainbows.

Lady Good Diver & Just Britney often play in Lala Land - the place of Unicorns & Rainbows. A darkness has been brewing over Lala Land over the last week and my has it started to show.

After a tiring day of chasing butterflies and skipping with bunnies, Just Britney settled down on the rainbow at the bottom of their garden where she succumb to the dream clouds.

Meanwhile, nature called Lady Good Diver and in a jealous rage, she made Just Britney's dream clouds rain.
